Leads a Late Rally in a Generally Depressed Market.

New York, March 29 .- Following the gradual decline of security prices of the last few days, a rather brisk sell-ing movement started yesterday short-ly after the opening, caught a few stop

orders. Not much long stock came out however, and in the later trading prices hardened on covering. Trans-actions were in a small volume of only

The London market again was quiet,

consols making a slight advance. Am-erican shares in London closed irreg-

ular, and price changes were insig-nificant. Here stocks opened a shade down from Friday's close. The early bear raid depressed market leaders to

the low prices of the week. Little out-side liquidation developed, however, and a large part of the early losses

and a large part of the early losses was made up on closing out short lines over the week end.

Steel, Reading, Union Pacific and Lehigh bore the brunt of the early pressure. Steel yielded nearly a point to 62 5-8, closing 3-8 off on the day. Reading touched 164 5-8, but railied to 165 1-8 down. Union Pacific dropped 3-4 to 157 3-4, but made up 3-8 of the loss. Lehigh Valley declined almost a point, closing at 143 1-4, a decline of 1-2. Wabash issues were weak, the common touching 1 1-2 and the preferred, at 5 5-8, reaching its lowest level for a score of years.

was heard for the first time this spring Saturday afternoon at Trinity when was heard for the first time this spring Saturday afternoon at Trinity when over thirty candidates for the Trinity team responded to the call of Coach Burns for the first outdoor practice of the year. Although the diamond on Trinity field is not in condition for use, Capt. Murray led his horsehide athletes to the south corner of the field. Capt. Murray led his horselide ath-letes to the south corner of the field just beyond the gridiron where the brisk drying winds of the past two days have put the field in a fair con-dition for batting practice. Two or three more days like the past will fix up the entire field in fine shape so that Coach Burns and Captain Murray will be able to get some line on the ability of the infield candidates.

During the past four weeks the base-ball men have been working like beav-ers in the baseball cage to get in the best of condition for the first outdoor practice and the excellent condition of the men as they stepped up to the improvised plate, was very evident. The warm bracy air was all the tonic need-ed to bring out a large amount of pep and the movement of the men in the

field was full of ginger.

Batting practice was the order for the day. While the first day out is insufficient to get an accurate line on the hitting ability of the men Coach Burns watched every man closely as he stepped up to the plate and took a swing at Captain Murray's offerings, It was not so much yesterday as to how far the ball went into the outfield, but the way the men went at it that

WATERFORD TURNS DOWN ROAD PROPOSITION

Votes Against Spending State Money on New London-Hartford Turnpike

Waterford voters in town meeting Saturday afternoon turned down the proposition to expend the state approproposition to expend the state appropriation of \$8,000 on the New London-Hartford turnpike. No recommendation was made as to where to spend the money. The resolution opposing the expending of the appropriation on the trunk line highway was introduced by Attorney John C. Geary of New London and it was adopted by a vote of 79-48.

First Selectman A. H. Lanphere pre-sided at the meeting which was held shortly after 2 o'clock. The matter was shortly after 2 o'clock. The matter was discussed about an hour, several speaking for and against using the money on the Hartford turnpike.

At the meeting of the New London County Improvement league in New London on Friday, H. S. Houston of Salem, one of the directors of the league, made some breezy remarks on the subject of roads.

he subject of roads. Mr. Houston sald it was all right to alk about developing the farm and increasing its productiveness, but what was the use of it all if the main thing—transportation—remained in such a condition that produce could not reach the market. He said the road from Salem to New London was the rottenest in this world or in one other therest in this world or in one other therest. est in this world or in any other that he knew of, and that it required four hours of the toughest going imagina-

de to reach New London "And after all that has been done," concluded Mr. Houston, "after all the towns along the route have signified their desire to improve the Hartford turnplke and secure the aid of the state in making it a trunk line suitable to all kinds of travel, then the towns of Waterford and Montville suddenly decide to hold out on the project, What we need is a change to bring our to be connecticut Temperance Union, addressed the conference on the work of the connecticut Temperance Union, addressed the conference on the work of the conference of the conference of the work of the conference of the conference of the work of the conference of What we need is a chance to bring our products to the market. We'll take care of raising them. Talk about land to that institution, and Dr. H. L. Wesbeing scarce. Why I'll guarantee to give every man within the sound of my voice 10 acres of land in Salem that is fit for cultivation and the equal amous peaches. And after that there'll be enough land to spare in Salem, Giv us the way to get out and we'll attend to the land end."

In connection with the county im-provement league, Mr. Houston de-clared he was the man from Missouri and there were things he wanted bad-ly to be shown. He wanted to know for one thing when the farmers and dairy men were likely to get this county director of whom so much had been heard. He said spring was coming rapidly along and that if anything was raymy along and that it anything was to be done this season it must be done right away. He believed the plan was all right, but in order to be good for anything it must come right down to brass tacks and accomplish something.

IN FIVE MINUTES! TIME IT! NO | waste remember the moment Pape's INDIGESTION, GAS, SOUR-

that—makes Pape's Dispepsin the largest selling stomach regulater in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and erid; head is dizzy and aches; breath foul; tongue coated; your in-sides filled with bile and indigestible stomach doctor in the world.

Diapepsin comes in contact with the stomach all distress vanishes. It's truly astonishing—almost marvelous, "Really does" put bad stamachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourcess in five minutes—that—just that—makes Pape's Diapepsin the largest selling stemach regulators in the state of selling stemach regulators. It's worth its weight in gold to men
